EDITOR'S LETTER

Done your shopping yet? By my reckoning, by the time this issue hits the shops you'll only have 13 days left to buy all your Christmas guff, so if you want my advice you'll just tuck this mag in a drawer somewhere and not look at it until you're all done. What? Shoo, no, put it down! Honestly, I'm trying to give you some friendly advice here! Hmm, so you prefer looking at sexy ladies to traipsing round the shops? Well, I can't really blame you. I haven't bought any pressies yet either...

DICK… AND DOM

Lydia, my girlfriend, is a big girl – and I don't mean that she's fat, but rather that she is strongly built and statuesque, which I find extremely attractive. She also has a rather imposing personality, but her good looks and high sex drive more than make up for her taciturn behaviour. We've been living together for two years, and from the start she was the dominant partner. I have a highly paid but stressful job in the financial services sector, which involves the responsibility of overseeing a considerable workforce.

> I FELT MY COCK HARDEN AS I PONDERED WHAT SHE COULD MEAN BY 'OR ELSE'…

Which is why in the evenings I'm willing to hand over the responsibility of our daily lives to Lydia, which also keeps her happy. She likes the house to run smoothly, dividing the daily chores between us. The suits me perfectly as, by the end of the working day, I'm stressed out from making decisions and it's nice not to have to do the same at home. I'm generally more than willing to do the more menial chores: putting on an apron and rubber gloves to clean the oven is a relaxing feeling after a day at the office, believe it or not!

However, as Lydia has a very strong personality and expects the house to be kept to a high standard, it was inevitable that I'd eventually feel hen-pecked and tempted to protest. And that began when she walked into the dining room where I was vacuuming and ran her finger along the top of the sideboard, scolding me for the accumulation of dust that I'd allowed to build up.

Stung by the unfairness of her attitude, I replied curtly that I had quite enough to think about at work without her forever criticising me over domestic trivialities. Glaring at me ominously, she warned me never to speak to her in that tone again, adding that she'd be back in half an hour and that the room had better be spotless,

BUSH BABY!

Dear *Mayfair*,

I've always preferred girls with bit of covering downstairs, so when I saw the coming next month picture in 49.11 of Ava Dalush with the sneaky hint of pubes on show I knew I'd be keeping an extra keen eye out for 49.12 – and what a treat when I finally spotted a copy and got it home! She really is a stunning looking girl, and that neatly trimmed thatch of pubic hair really shows off her delectable pussy to great effect! I don't know how she manages to get it all so neat down there, with the labia perfectly exfoliated and that neat triangle of pubes above it, but that wonderful bum shot of her on page 49 exemplifies just about everything I could ask for in a photo-shoot! If she ever needs a hand with her lady-gardening, I'd be very happy to volunteer my services!

A very happy reader, via email.

"or else."

Too surprised to respond, a strange feeling crept over me and, inexplicably, I felt my cock harden as I pondered what she could possibly mean by "or else." Half of me didn't want to find out, but my prick was still so stiff from the telling-off I was almost tempted to call her bluff. In the end, I decided to quickly run the duster around so I could find a quiet spot to have a much-needed wank. I was surprised to find that while I was polishing – the sideboard and my knob – images of Lydia dressed as a dominatrix haunted my thoughts.

From then, similar incidents started happening practically daily and although I didn't actively encourage her, I was becoming more turned on by each new humiliating incident that occurred. Over the next few days, Lydia became more dominant and bossy and I, in turn, became more humiliated and randy – my cock almost constantly hard and tent-poled under my pinny.

Although I found the idea of Lydia dominating me sexually arousing, I had thought it would remain my own little fantasy, until she came into the kitchen one day while I was cleaning the fridge. I didn't realise she was there until I felt one of my buttocks being painfully pinched with the sharp tips of her long nails.

I jumped and spun around… Feeling my cock harden instantly when I saw what she was wearing: thigh-high leather boots, a leather mini-skirt and a low cut latex boob tube. It was everything I'd dreamed about over the previous weeks! Admittedly, I was mildly concerned by her intimidating demeanour and the uncertainty of what would happen next.

"What do you mean by cleaning the fridge without my permission?" she demanded, scraping a scornful finger across my growing bulge. I swallowed hard, trying frantically to assess the situation, unsure if I genuinely wanted to be dominated now that it was happening. Deciding that I would see how it went, I apologised, and as Lydia stood watching me with her hands on her hips, I shoved everything in the fridge as quickly as possible.

"I LAPPED THE LENGTH OF HER GASH, ENJOYING HER MOANS AND THE WAY HER VAGINAL MUSCLES CONTRACTED AS I STIMULATED HER…"

Yelling at me to go faster, Lydia was thoroughly enjoying her role, but it wasn't till she called me a maggot and pulled my hair rather gently that I knew that it was all role-play – thank goodness! This alleviated any fears I had and suddenly the rougher the treatment, the more turned on I became, my veined member so rigid that it was painful.

To my surprise, Lydia actually smiled and winked at me. Then, in a more seductive manner, but with no less authority in her tone, she commanded me to service her upstairs.

I followed her up the staircase, my eyes fixed on her luscious, leather-clad arse. Once in our room, Lydia lay on the bed and ordered me to strip. Hopelessly aroused, I hastily obeyed before crawling between her thighs. She wasn't wearing any knickers, so I simply pulled her pussy lips apart and ordered me to suck her slit.

Her cunt was wet and inviting and the scent of her pussy perfume made my prick twitch with need. I lapped the length of her gash, enjoying her moans and the way her vaginal muscles contracted as I stimulated her to a noisy orgasm.

Before long she was bucking her twat into my face then, reaching down, she grabbed my hair and pulled me up on top of her. "Fuck me hard," she instructed. Then came the sting in the tail. "Like you would if you were a real man."

It hurt, but had the desired effect on me, as I forcefully rammed my cock inside her and began to fuck her harder than I had ever dared – or wanted – to before, not caring if it hurt her. Pulling her top aside, I dug my fingertips into her tits, while my penis sawed in and out of her cunt, which suddenly gripped my shaft so ferociously I couldn't move! Talk about strong pussy muscles!

From there on in, intercourse was no longer so much a case of me thrusting, but of trying to twist my cock out of the savage vice-like pressure her cunt was exerting! With her strong muscles squeezing, squashing – almost throttling - my meat, the masterful bitch physically milked me, and my cockhead fired grateful wads inside her.

Since that icebreaker, our sex life has gone from strength to strength. It turns out that we both enjoy all manner of BDSM – but always with Lydia as my Mistress. And now that she's dominant in the bedroom, she's less controlling when it comes to the domestic chores!

Richard, Cirencester.

ARI STYLES!

Dear *Mayfair*,
Much as I love your regular girls (especially Emma Green and Tommie Jo!), it's always a treat when you feature a new face, and I was absolutely blown away (I wish!) by the pictures of Ariana I your latest issue. What a stupendous looking girl – and she's clearly none too shy, either! Please pass on my warmest regards to he girl herself (whom I hope to be seeing in *Mayfair* again soon) – and to the photographer Tammy Sands, who did such a marvellous job of capturing this girl's beauty. This is the sort of thing that keeps me buying *Mayfair* month in and month out!

Yay! A Christmas issue isn't half the perfect opportunity to hook up with the delicious Holly Gibbons – just think of all the coverline opportunities it provides (*Actually there aren't that many – Ed.*)! Still, it's not like we need an excuse to get Holly in, is it – she's one of the hottest UK babes on the scene, after all! So how are you planning on spending the festive period, Holly – any chance of finding a bit of time for a lowly *Mayfair* blurb-writer?

"Ah, I don't know about that! I guess I'll be having a traditional sort of Christmas – we all head back to Mum and Dad's for the full works. I love it – it's the one day of the year when you can spend the whole day with your family without having to worry about anything else – and you can scoff as many mince pies as you like!"

Mmm, Holly Gibbons and mince pies – what could be tastier than that?

Bob's In For The Long Haul With Saul

Breaking Bad star Bob Odenkirk, the actor and comedian who played Walter White and Jesse Pinkman's criminal lawyer, is to front his own series starting in February 2015 – and in an unprecedented leap of confidence the AMC network has already renewed the drama for 2016.

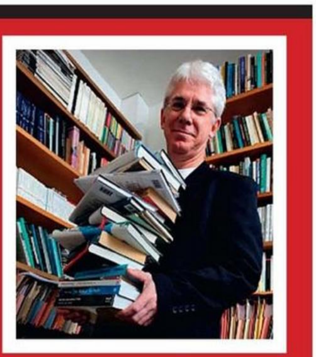
Better Call Saul, (a title which references Saul Goodman's advertising slogan in *Breaking Bad*) airs for the first time in a "two-night television event", debuting Sunday, 8th Feb 2015 with its second episode airing the next day.

Helmed by *Breaking Bad* creators Vince Gilligan and Peter Gould, Better Call Saul follows Saul six years before he became Walter White's legal representative and sometime punching bag... back when Saul was just plain Jimmy McGill, a small-time lawyer searching for his destiny and hustling to make ends meet. The series will chronicle Jimmy's transformation into a man who puts the "criminal" in "criminal lawyer".

Although most of the storyline takes place before Saul became tangled up with the meth empire run by Walter White (Bryan Cranston) and Jesse Pinkman (Aaron Paul) both Cranston and Paul have expressed interest in reprising their roles in the spinoff series.

"We think, by and large, this show will be a prequel, but the wonderful thing about the fractured chronology we employed on *Breaking Bad* for many years is the audience will not be thrown by us jumping around in time," creator Vince Gilligan says. "So it's possible that we may indeed do that, and we'll see the past – and perhaps the future."

PECULIARNEWS



'Inappropriate' Everything

Behaviour regarded as inappropriate is our theme this month, so let's start with English literature professor Thomas Docherty. Prof. Docherty is back at work following a nine-month suspension from the University of Warwick for "inappropriate sighing" during meetings with a senior colleague, along with "making ironic comments" and "negative body language".

That such charges should ever have been brought against anyone is yet one more alarming indication of the extent to which political correctness is not only wrecking any and all rights to free speech but can now be applied to our physical comportment.

Rather more amusing is 19-year-old American Sean Johnson's arrest at the Wal-Mart in Brooksville, Florida after he was spotted taking a toy stuffed horse into the bedding department and masturbating with it. A few weeks earlier his fellow countryman John Lind became so infatuated with a co-worker that he was moved to ejaculate multiple times on her desk and into her coffee cup. The thirty-four-year-old said he wanted her to "notice" him. And no doubt she would have done had she bee trying to drink from the cup at the same time.

Paul Mountain (38), pleaded guilty to burglary in Darwen, Lancashire, after a homeowner accused Paul of vandalising his shed. Among the damaged items, horrified police discovered a teddy bear streaked with semen. When confronted with the damning jism-spattered bear, Mountain told officers that he was coming down off of an amphetamine high and felt an "overwhelming need for sexual relief".

Jamie Brown stole a fish tank from a hardware store in Leeds and went on the run, but had to be rescued after he stopped to urinate in a bush - and, inadvertently, directly into a wasps' nest. He later spent six very unpleasant hours at Leeds General Infirmary.

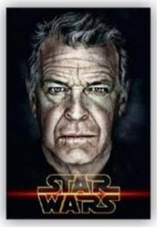
COMINGSOON

Coming to a multiplex somewhere near you, some time soon...

Sounds rather miserable fare, but given that the upcoming film THE LONGEST RIDE has Jack Huston as its star, this drama may well be worth watching. British actor Huston, known to most as *Boardwalk Empire*'s facially disfigured former Great War sniper Richard Harrow, a man who wears a tin mask to conceal the half of his face which is missing, heads up a starry cast of famous actors' children and grandchildren from nepotism central's casting department with Clint Eastwood's doppelganger son Scott Eastwood and Charlie Chaplin's granddaughter, daughter of actress Geraldine Chaplin, Oona Chaplin co-starring.

Ira, a 90-year old man (Jack Huston) is snowbound and stuck in his car after a major crash on an isolated road. As he drifts in and out of consciousness awaiting rescue, the man sees visions of the love of his life, who died years earlier. Together they reminisce about his being unable to have children with her because of a war wound – presumably he caught shrapnel in his knob.

A parallel romance between a young female art history major and a handsome cowboy who should not be riding due to past injuries (perhaps his knob is damaged as well) fall in love despite coming from completely different backgrounds. My goodness. According to the production company: "A strange occurrence allows the two generations of lovers to save each other." Go figure.



Coming up at some point soon but nobody's telling, is STAR WARS: EPISODE VII – THE FORCE AWAKENS. Directed by the ubiquitous JJ Abrams, who has already rebooted *Star Trek*, even the identity of the villain is under wraps for now. What is known is that Harrison Ford will be returning as a very weathered Hans, with Carrie Fisher, formerly Princess Leia, as his bride, Mrs Leia Solo. Which makes Mark Hammill's Luke Skywalker Hans's brother-in-law. Chewbacca, C-3PO and R2D2 will all be returning.

The beginning of this new Star Wars trilogy will take place, conveniently, 30 years after *Episode VI: Return of the Jedi*. The only other information Mr Abrams and co is prepared to release is that the new films will feature "a trio of new young leads along with some very familiar faces."

Pierce Brosnan seems to be back in the limelight again, and in fine form if his recent movie The November Man was anything to judge by. Now he is set to return in THE COUP alongside penis-nosed Owen Wilson…

Bras That Twitillate On Titter

An unlikely but very real new accoutrement is a bra which tweets each time the hooks at the back of the contraption are unclasped. That's right: he tweeting bra, God help us.
Some people might say that social media has gotten a little out of hand. People's privacy is at an all time low and now every one of a female's Twitter followers can be informed by Twitter posts each time she sheds her twin fire-buckets and towrope.

The idea comes from Nestle Fitness, and Nestle insist it's really not supposed to be creepy. Instead, the corporate giant says, women are suppose to go through a self breast examination period to check for breast cancer every month. Consequently owning a tweeting bra is a powerful way to promote those examinations by constantly reminding you (and your followers) of the importance of these regular self-examinations.

So it's definitely not for titillating blokes on Twitter.

The first bra was used on Greek actress Maria Bakodimou for two weeks. Each time she decided to unhinge that clasp that holds her bra together her Twitter feed would fill up with "supportive" tweets.

Says she: "At first it seemed to me like this would only attract weird pervy creeper dudes, but the idea is a lot more than that. It really is a unique way to remind women of their monthly breast cancer exams, and any product that manages to do that is a success in my eyes."

An example of a self-generated @tweetingbra tweet:

At last! She took me off. Time for self-examination.

Just 3 steps, it's worth it! #tweetingbra http://www.tweetingbra.com

PHILLIP HUNTER and THE KILLING MACHINE Series

British author Phillip Hunter, a Brit with a degree in English Literature and an MA in Screenwriting is – surprisingly, considering the visceral content and harsh tone of his novels – a member of the Human Genome research team at The Sanger Institute. So quite the brainbox, eh?

Two novels into his "The Killing Machine" series, he has established a thoroughly believable and unlikely hero in Hackney-based criminal Joe: an ex-paratrooper, bare knuckle fighter and now that he's too old for the ring, a gangster.

Though he may not be the sharpest pencil in the drawer, Joe is hard as nails. He can terrify people just by his appearance, and if that fails, then he has an arsenal of physical abilities at his disposal. He's been almost everything in his time: enforcer, bouncer, bodyguard. But in the first of Hunter's novels, TO DIE FOR, Joe finds himself a wanted man. The police seek to cage him, but they are the least of his worries; he's also being hunted by the most vicious gang in London's East End, and the most puzzling and frightening thing is that he doesn't know why.

He was once in love, but that was long ago and it ended in tragedy, and anyway, people like him don't have happy endings. Life has made Joe a machine. He has accepted his downward spiral, but when a twelve-year-old runaway needs his help and protection he tries to become a better man. Kid is traumatised, mute, and sees Joe as her saviour.

To Die For is a taut thriller about betrayal, vengeance and redemption that crackles with dark realism, violence and fascinating introspection. Rather like a day in my life, in fact.

Phillip Hunter's second novel, TO KILL FOR, sees Joe trying to exact vengeance on those who disfigured and murdered the woman he loved. Brenda was the only woman who ever loved him back and the only woman who believed he could escape the underworld. She died protecting youngsters like Kid. Now, with nothing left to lose, Joe prepares for the fight of his life.

Keep your eyes peeled for future instalments, which are, allegedly, going to be the slightly less violent TO MAIM FOR, the virtually pacifistic TO SCUFFLE FOR and the frankly weedy-sounding TO STAMP ON SOMEONE'S TOE FOR.

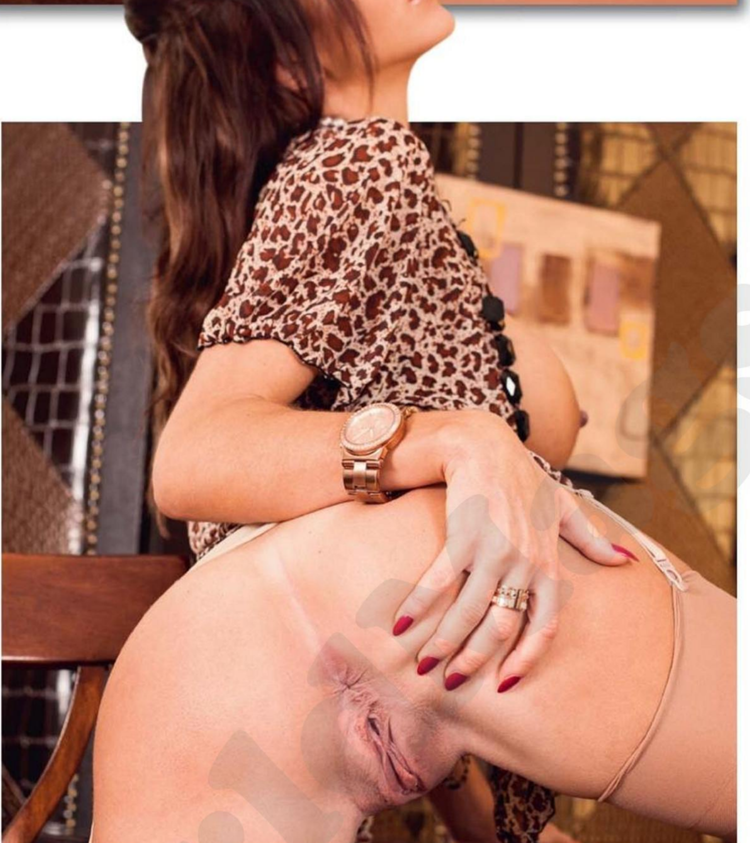
Desk work can be very tiresome, can't it? You get a dodgy back, a headache, and a lot of workers these days even have to take their lunch (*Liquid, presumably? – The Ed.*) sitting at their desk. Still, if there's one thing that's guaranteed to make a desk a rather more appealing proposition, it's *Mayfair* favourite Nina Leigh sprawling all over it, playing with her juicy snatch and coming over all horny! We can't imaging the girl herself would put up with sitting at a desk all day, though!

"You're right. I did have a job in telesales for a while when I was younger, but I wasn't really cut out for it. Whenever I ended up speaking to someone who had a nice voice I started to imagine what they looked like, and after that it was never long before I started to get a bit hot and bothered! In the end I got the boot for sneaking off to the toilets too frequently to relieve the tension!"

Well, talking of relieving the tension, will your excuse us, Nina…?



21st CENTURY TOYS

It's the Mayfair End of Year Party and JAMES SAINT, pissed up on booze, is going to give you the facting of your life over the office photocopier...

As maudlin mandolin-wielding producers of pop REM so famously sang in that song what they done – it's the end of the year as we know it! Or summat like that; I can't remember the exact lyrics and, frankly, can't even be arsed to Google it. Yep, old Father Time has caught up with 2014 and pushed his death-bringing fingers up the aged annus' anus, and as you read these words it coughs its last. Unless, of course, you've just found this mag under a bush in a wooded copse sometime in the future, in which case this'll all be ancient history to you. But hey – hello future person!

Returning to the here and now, God alone knows what 2015 will bring, but judging by past experience and the laws of entropy, it's not going to be good. So, arm yourself now with the techie tools required to help you stay alive just that little bit longer as the weak and gadgetless fall to terrible fates around you. Techie tools that, at first glance, may seem like little more than trivial toys with no power whatsoever to assist you in the battle to stay alive as the world burns around you, but look closer…

Yeah, I had nowhere to go with that; trivial toys it is. Trinkets. Baubles for whores. But what baubles! Shiny, smart, sexy baubles that may not be able to save your life in any tangible way, but which make the futility of existence in a world where Kim Kardashian's arse is the pinnacle of importance almost bearable, therefore making your life better.

So, go, dive into this double page spread of double-penetration and tell your bank manager to brace – you'll be using the withdrawal method…

Mous Musicase £17

Editor's PICK

So, you like listening to the music stored on your iPhone but hate having to fish earphones out of your pocket and then spend a frustratingly fiddly fucking 15 minutes having to untangle the leads before you can get the things in your ears? Yeah, First World Problems right there, pal? Something to complain to your guffawing chums about in the Waitrose café. Well, here's a quick solution to that very vexing entanglement problem which requires a heroic lack of effort on your part: the Mous Musicase.

> "A quick solution to that very vexing entanglement problem…"

In essence, it's little more than a case for your iPhone that allows you to integrate your headphones, thus ensuring they remain to hand and tangle-free at all times, ready to be released and shoved into your lugholes at a moment's notice.

Simple then… but also ingenious in that simplicity, the Musicase is available in a range of colour options that allow the vain to mix and match case and winder to better suit, what we're sure is, their unique personality. Wankers.

Xsories WEFE FEYE S £80

Despite having a name that sounds more like an album of Gregorian chants, the Xsories WEFE FEYE S is – for those grown up enough to still use real cameras – actually really ruddy useful. Allowing the DSLR snapper the ability to immediately access social media, the Xsories attaches to your camera and generates its own Wi-Fi network, thus letting you hook up with your Apple or Android smartphone, which is when all manner of tomfoolery becomes app-available. Suddenly, you can control your camera remotely via your phone, freeing you up to take supreme selfies, you can adjust the ISO, white balance, aperture, focus, etc., without having to disturb your camera, switch between modes, edit images and, of course, upload the finished product instantly to the Book of Face, Twatter, Grindr or any other pic-accepting piss-about, or store them on Dropbox to save room on your precious memory card.

Compatible with most Nikon and Canon cameras, the WEFE FEYE S offers 8-hours of battery life and a free-roaming Wi-Fi range of up to 180-metres. But, if you wonder 180-metres from a Canon or Nikon, it's going to get nicked – you may want to bear that in mind.

Withings Aura Smart Sleep System £250

If you're anything like me, you probably sleep slightly less well than dear old Chancellor of the Exchequer George Osborne. Unlike him, though, it's not fear that keeps me awake at night so much as guilt, but the outcome is pretty much the same. But on the rare occasions I do get some sleep, I like to monitor that shut-eye as much as possible in the hope of improving it – with the help of the Withings Aura Smart Sleep System!

What the dry-fuck am I talking about? Well, this touch-sensitive bedside clock comes with a discreet under-mattress sensor that, after soothing you off into kip with a 'soothing sunset program', records your every toss (not that sort) and turn to work out what stage of sleep you are at and – here's the clever bit – when your wakey time comes around, the Aura waits until you are at the optimum point of your sleep cycle to gently nudge you back into the terrors of today with its rising light and music combo.

If that isn't worth £250 of your hard-earned, then I don't know why I'm wasting my breath.

SEYVR Wallet £50

We've seen quite a few portable power banks for techie toys out and about over the last year, but finally somebody has had the good sense to make one that's more than just a, well, portable power bank. No, it's not a USB hat – my idea for that was dismissed outright by the short-sighted morons on *Dragons' Den* – but rather a source of extra power for smartphones and tablets on the go that comes in the cunning form of… a leather wallet!

Yup, available in iPhone Lightning and Micro USB for Android flavours, and in black or brown finishes, the SEYVR has four slots for cards, a section for cash and a built-in 1400mAh Li-Po battery with integrated cable so that you can whip it out of your pocket and power-up at any time.

Obviously, unlike most other power banks, the SEYVR will never be left behind as, face it, where are you going that won't require money? So, as long as you keep it charged up, you need never worry about smartphone shit-out again. If you don't keep it charged up, well, why the hell did you buy it in the first place? Jesus, some people!

GCell Solar Keyboard £TBA

Got an iPad Air 2? Need a separate keyboard now to use it for anything other than staring at stuff? Of course you do. But what you need more than that is a keyboard that harnesses the power of the sun itself to not only operate as a keyboard, but also to connect wirelessly with your Air via the witchcraft of Bluetooth.

Actually compatible with all 9.7-inch tablets (and, indeed, anything packing Bluetooth), your tablet of choice simply slips into the secure case, pairing is completed, and – Bob's being interviewed by Operation Yewtree – you can type properly on a full QWERTY keyboard rather than having to stab your Ebola-infected fingers against the screen; simpler than Katie Price.

What's more, as we live in Britain and sunlight is not something we tend to be overly bothered by, the GCell can even charge using indoor ambient light, which is nice.

Sadly, no price was available at time of writing, but then what price sun-fuelled proper keyboard connectability? Well? Come on, I asked you a question.

A LIFT HORSE…

When I started at my new company in Canary Wharf, I knew I was going to have to start at the bottom, but Jesus, thirty-eight floors down!

I work in the print room right at the bottom of the building, 38 floors below my direct boss, and spend most of my day going to and fro in the lift to his office. I would describe the job as utter hell were it not for the fact I sometimes share my journey with this dynamite brunette. She's about 20 years old, 5'7", with a fabulous curvy body, firm arse and a beautiful fuck me mouth. Having tried and failed to strike up a conversation with her a couple of times, I had decided we were destined to be silent passengers on our long lift journeys together, but that would soon to change.

She always stood in front in the lift with her back to me, looking at the doors and fidgeting with her clothes. One day, I accidentally dropped a couple of the prints I was carrying. As I hurriedly reached down beside her to catch the falling sheets I noticed – from the corner of my eye – her hand suddenly dart from inside her blouse.

> I SLID HER WHITE PANTIES DOWN TO REVEAL A CUTE, SHAVEN, FLESHY MOUND.

I stood up startled at first, then slightly turned-on. She quickly straightened her clothes in a fluster but failed to hide her now erect nipples poking through her skimpy bra and blouse. The lift arrived at my floor and she got out.

Had I really seen her playing with her nipples? Sitting at my desk, thinking about this woman feeling herself up in the lift, made my cock hard enough to let my thoughts wander to how it would be if I fucked her in here, until the phone rang – back up in the lift again…

I stood in the lift as the doors closed when suddenly a dainty high-heeled shoe slipped between them forcing them open again. It was the brunette. For the first time, she smiled at me as she got in and turned to face the closing doors. We'd travelled about half way up when I heard the faint rustle of fabric. I felt really nervous knowing what she was doing, so with a raging hard on I stepped forward and slipped my hand around her, inside her blouse. There was no objection. Instead, it was greeted with a warm throaty moan. I pressed on and began gently kneading her left breast while she played with the right.

Pinching and twisting her nipple, it became hard and stood proud about half an inch from her soft breast. My cock sprung into action and it pressed against her arse cheek. She reached behind and began stroking my cock through my trousers. This was the most dangerously exciting thing I'd ever done and I was so turned-on I could easily have come in my trousers. Suddenly the lift pinged and we both realised we had reached our floor and had half a second before the doors opened – luckily, there was no one there.

Immediately, I pressed the button to take us back down. Without a single word uttered, I span her around and, while lifting her skirt up to her waist, lowered myself down so that I was eye level with her panty covered snatch. Her hand was inside them, opening and closing like a fist as she rubbed her love button. I slid her white panties down to reveal a cute, shaven, fleshy mound, with wet pink lips protruding.

She stopped rubbing herself just long enough to show me the glistening love dew on her fingers before guiding my face into her snatch. I pressed my hand against her stomach till she was leaning against the lift doors, and with the other hand I opened her fleshy curtains and explored this newfound treasure. I could see the shiny drops of her arousal as they formed on her lips and could smell the scent of a woman in heat. I pressed in with my tongue, probing for that little pearl that would bring her pleasure. Without all that hair in the way to slow me down I found it quickly, and just as quickly she pressed my head right into her steamy gash as she shuddered in orgasm!

We got up and got ourselves straight. The doors opened and three people entered, and we left them in there with the scent of her gash, the whispered words, "meet me in the paper room," ringing in my ears.

I dropped by my office first and then went straight for the paper room – it's huge and full of reams of paper but is rarely visited during the day, plus I have one of the few keys to it – perfect. I waited for maybe a minute before there was a gentle tap on the door and a faint female voice hurrying me to open up. I opened and the "lift girl" dashed in. Again, not a word was uttered as her hands got busy with my fly, and in seconds she had my rock hard cock in her hands. She rubbed its length and stroked my balls and then bent forward and swallowed the entire thing in one gulp. Her mouth felt like hot lava on my cock as her darting tongue lapped around my helmet, I felt my volcano was about to erupt! Lift girl could sense the impending explosion and started to suck harder. Before my jizz could flow, I wanted her to fuck me, so I asked. The smile that lit up her face told me that I had said the right thing.

Lying back on a desk, I watched her straddle me. With one hand she held my throbbing prick and with the other hand held open her cunt lips. I watched in fascination as those beautiful naked lips slowly swallowed my cock. She slid up and down and rocked back and forth with deathly silence as outside people carried on with their work, oblivious. As she raised and lowered herself onto my pole she rocked herself to another climax before the contractions of her orgasm brought jet after jet of hot spunk from my cock.

Without a word, she wiped her pussy with her panties and left me sitting there with spunk dribbling down my shaft. Not that I gave a fuck!

Dan, London.

UNDER COVERED

Dear *Mayfair*,

I gather from Twitter that Emma Green has again won your Covergirl of the year award *(Indeed she has! – The Ed.)*. Please could you pass on my congratulations, and while I'm here, could I ask when you intend to actually put her on the cover again – it's been ages! The last time she was on the cover was 49.01, after all.

Dave, Cardigan.

Oops – you've got a fair point there, Dave! We'll have to make sure we right that wrong when we get a chance in the new year! And congratulations to Emma and all the other winners who bagged gongs at the Paul Raymond Awards night last month! – The Ed.

Dear old Bing Crosby might have spent what felt like half his career dreaming about the prospects of a white Christmas, but here at *Mayfair* we rather fancy the idea of a green one – especially if it's valley girl Emma Green we're talking about! She's been a rock hard favourite of the magazine all year, so we thought it only right to get her in for one final shoot before we bade farewell to 2014, closed our eyes, pinched our noses, and jumped headlong into 2015! So Emma, have you got any plans for the next year?

"Well, I've been having so much fun this year I just want to carry on, really! I'd just like to thank all your readers for all the fantastic letters and tweets I've had this year. Keep them coming!"

Ahem, we're sure you will, Emma!

PONY EXPRESS!

Stick some Lalo Schifrin on the stereo and give it some revs - there's a new Ford Mustang on the way!

Hollywood has projected some brilliant car chases on to the silver screen over the years, but none captures the imagination quite like the 11-minute thriller from 1968 cop movie *Bullitt*. Famously shot around the hills of San Francisco, it helped to cement the aura surrounding lead actor Steve McQueen and his legendary driving ability – even though large chunks of it were performed by a stuntman. The chase sequence also gave the Ford Mustang instant iconic status around the world.

Sadly, since then the Mustang has done little more than dine out on its sixties heritage, and put on weight in the process. So perhaps it's not a bad thing that the car never made it to this side of the Atlantic officially. But that's all set to change as part of the current One Ford strategy, which sees certain models sold worldwide with barely any changes. And to coincide with the introduction of the first-ever right-hand-drive version – due in UK showrooms in late summer 2015 – the company has come up with a sexy new car that's finally worthy of the Mustang name.

> "YOU CAN THANK A BRIT, MORAY CALLUM, FOR PUTTING THIS ALL-AMERICAN BEAST ON A DIET."

The new, ninth-generation model is already on sale in the US, and it looks great. As you'd expect, it's every inch a muscle car, and as Ford has sold over nine million Mustangs since 1964's original, the newcomer retains plenty of classic styling cues. The long, sculpted bonnet, with its shark bite grille, is unmistakable, as is the way the roofline slopes into the short rear deck – but this latest car doesn't look as bloated as recent generations. You can thank a Brit, in Ford design chief Moray Callum, for putting this all-American beast on a diet.

Callum's styling team has also added some modern touches to bring the Mustang into the 21st century, including the modern headlamps, which curve around into the front wings, and include a tri-bar LED signature that's repeated in the equally sharp tail-lights. And the low, wide stance overall gives the Mustang incredible presence – this huge coupé will certainly stand out on UK roads. Even more so if you choose the convertible.

Once folk have feasted their eyes on the shape, their ears will be listening out for the noise it makes. The soundtrack is an equally large part of the appeal of a pony car – and Ford has caused controversy by offering the new Mustang with four-cylinder power.

The new 2.3-litre EcoBoost engine delivers an impressive 305bhp considering its cubic capacity, and promises 0-62mph in around 5.5 seconds. It's been designed to cater for European tastes as it claims around 35mpg fuel consumption. But it sounds like a bag of spanners compared to the 420bhp 5.0-litre V8 version, which emits the fruity, *Bullitt*-style roar you expect from a Mustang. Most buyers would be prepared to stomach the V8's upper 20s mpg to avoid the disappointment every time they floor the throttle, as the more potent model really does sound that good. It's estimated to cost around £4,000 more, but the V8 is still expected to weigh in at less than £35,000 – that's a lot of car for the money.

You feel the extra weight of the 5.0-litre engine under the bonnet when pressing on through corners, but the Mustang was never designed to be the sharpest-handling car in the world anyway – Ford recognises that buyers wanting the ultimate in handling agility will choose a BMW 4 Series or Audi A5 over the Mustang. Even so, it's worked hard to make the new car more agile, equipping it with a new front subframe that lightens and stiffens the whole front end, for more predictable cornering.

New double ball-joint MacPherson strut front suspension makes room for larger, more powerful front brakes behind the 19-inch alloys, while at the rear is an all-new, integral-link independent set-up. The springs and dampers, plus the suspension geometry, have all been uprated for

European roads, while new aluminium rear knuckles also help to reduce unsprung mass.

You can't see all this in action, but if you drive the new Mustang back to back with the podgy old car, you can certainly feel the difference – the latest model feels much more alive and responsive. There's also a choice of three driving modes, allowing owners to tailor the steering, engine response and transmission and stability control settings to their tastes.

It's as good to drive as it's good to look at and listen to, then. And the retro appeal of the new Mustang continues inside, where Ford has copied MINI's trick of mixing a smattering of fifties-style knobs and toggle switches with plenty of modern tech. True, the quality can't match the best German sports cars, but the main functions are controlled through the cutting-edge SYNC 2 system, which uses an eight-inch high-resolution colour touchscreen to access the audio, navigation, climate and communication systems. What would Steve McQueen have made of that?

Many of these features can be operated via voice control, too. You can tell the stereo to play some Springsteen and pretend you're on Route 66 instead of gridlocked on the M6 in Birmingham, for example. Or simply say "I'm hungry", and the sat-nav will flash up a choice of restaurants in the area. Just don't let this brilliant piece of Americana reinvented fool you into thinking you'll be getting get *Man vs Food*-style portions once you've taken up two car park spaces at the local Harvester.

"YOU CAN CERTAINLY FEEL THE DIFFERENCE - THE LATEST MODEL FEELS MUCH MORE ALIVE AND RESPONSIVE."

Every day a male co-worker walks up very close to a lady at the coffee machine, inhales a great lungful of air and tells her that her hair smells nice.

After a week of this she can't stand it any more, takes her complaint to a supervisor in the personnel department and says she wishes to file a sexual harassment grievance against him.

The supervisor is puzzled, and asks: "What's threatening about a co-worker telling you your hair smells nice?"

The woman replies: "It's Frank, the midget."

A hunter goes into the woods to hunt a bear, lugging his trusty 22-gauge rifle with him. After a while, he spots a very large bear, takes aim, and fires. When the smoke clears, the bear is gone.

He runs to the spot where it stood and there's no blood, so he realises he must have missed. Worse yet, a moment later, the bear taps the hunter on the shoulder and says: "No one shoots at me and gets away with it. You have two choices: I can rip your throat out and eat you, or you can drop your trousers, bend over, and I'll bugger you within an inch of your stupid human life." The hunter decides that anything is better than death, so he drops his trousers and bends over; and the bear does precisely what he threatened to do.

After the deed is done and the bear has left, the hunter pulls up his trousers and staggers back into town. He's humiliated and furious and feels violated. He buys a much larger gun and returns to the forest.

A little boy writes to Santa Claus: "Please send me a little sister." Santa Claus writes back: "OK, I'll try – but first you have to send me your mother."

At length he sees the same bear, aims much more carefully than last time, and fires. When the smoke clears, however, the bear is gone. Again the bear taps the hunter on the shoulder from behind. This time he says: "You know what to do."

Afterwards, the hunter tries unsuccessfully to pull up his trousers, crawls back into town, and buys a bazooka. Now he's really bat-shit crazy with rage. He returns to the forest, sees the bear, levels the bazooka on his shoulder, aims, and fires. The force of the bazooka blast knocks the hunter flat on his back.

When the smoke clears, the bear is standing over him examining his claws thoughtfully and comments, "You're not really doing this for the hunting, are you?"

The head nun tells two new nuns that they have to paint their room without getting any paint on their clothes. So the one nun says to the other, "I know, let's take all our clothes off, fold them up, and lock the door. Then our vestments will remain spotless."

So they both strip off and begin painting their room. Soon they hear a knock at the door. Frightened and embarrassed they tremulously call out, "Who is it?"

"Blind man!"

The nuns look at each other, then one says, "He's blind, he can't see. What harm could it do? "

So they let him in. He says, "Hey, nice tits. Do you have a small step-ladder so that I can hang the blinds?"

A bloke walks into the bar of a restaurant, catches the barman's eye and asks: "How much for a beer?"

The barman replies "35p".

Completely amazed, the bloke orders a beer then asks the barman: "Well then, how much for a sirloin steak, with mashed potatoes and salad, and an entire cheesecake to follow for dessert?"

The barman calculates then replies: "That would run you two quid."

Gobsmacked, the bloke orders and tucks into his meal. As he eats he says "Jeez, you've got the best prices ever - this place is amazing, I really wish I could meet the owner". The barman says "Yes, well, unfortunately he's upstairs in his office with my wife."

The bloke looks confused then finally asks: "So what on earth is he doing upstairs in his office with your wife?"

The barman rings up the bloke's £2.35 on the till and says, "Same thing I'm doing to his business."

A social anthropologist stumbles across a "lost" South American tribe consisting entirely of men.

"How do you guys relieve your sexual tension?" he asks when has learned their language.

"Simple," says the Chief. "Just come down to the river tomorrow morning and we'll show you." The next day the anthropologist turns up and sees a group of the tribesmen clustered round a donkey. The Chief says: "Since you are our guest, you get to go first."

Not wanting to go against the tribe's custom starts to kiss then reluctantly has sex with the donkey. Finally a man in the group asks: "Are you almost done Doc? Because we need the donkey to cross the river to get to the tribe of women."

A guy is standing in his local pub when a stranger walks in. After a while they get to talking and at about 10.30 pm the local guy says, "Oh well, I better get home. My wife doesn't like me to stay out during late night. She goes mental."

"Well! Ho, ho, ho!"

The stranger replies: "Na – stay. You're great company. I'll help you out with the wife. Just do what I say. When you do go home, sneak into the bedroom and pull back the bedcovers. Get between her legs then lick for about 20 minutes… there will be no complaints or arguments in the morning!"

The guy agrees to try this and continues drinking with him for two more hours before staggering drunkenly homewards. When he gets home, the house is in pitch blackness. He sneaks upstairs, pulls back the covers and proceeds to lick for 20 minutes. By now the bed is like a swamp so he decides to wash his face. As he walks into the bathroom at the end of the upstairs corridor he finds his wife sitting on the toilet. Seeing her, he screams, "How in hell did you get here before me?!"

"Quiet!", she hissed. "You'll wake my mother."

Present… and Correct!

Fretting yourself out of your bonce trying to think up some suitable pressies to get the loved ones? Well fear not, because assuming the loved ones in question are broad-minded adults, why not try some of these?

Have you embraced the modern computer game culture? Do you know your CODs from your GTAs? No, neither do we, frankly, which is why it was so comforting to spot this little retro set in **Argos (£29.99)**. It's got loads of classic games from when memory was measured in mere bytes, and you can plug it into the telly without too much bother and while the long winter evenings away playing Asteroids, Pong and Space Invaders like the good old days!

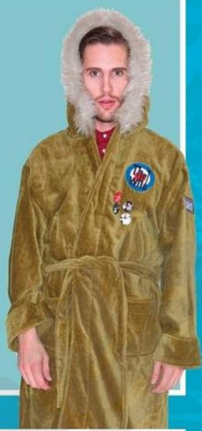
Books are always a great Christmas gift idea – apart from anything else, they're dead easy to wrap! There's the usual selection of drivel this year to choose from, but particular lowlights to look out for are Russell's attempt to re-Brand himself as Lenin in *Revolution* (see what I did there?) and Luis Suarez's toothsome tome. Oche legend Phil Taylor, at least, generally hits the right spot – unlike the *Mayfair* crew when they have the odd game at lunch time.

Fancy a blow-job for Christmas? No, it's not some sort of trick question, and no, I'm not personally offering my own services in that direction. If your answer was 'Yes', though, why not treat yourself to the **Autoblow 2**? Available to order from autoblow2.co.uk, it's the nearest thing you'll get to the real thing thanks to its crafty internal stroking system, and, best of all, you won't 'owe it one' after! Yes, it's **£130**-odd, but it looks like money well spent to us!

Occasionally – when you've already had a skinful, say, or you've got to drive (but not both, oshiffer!) you might feel obliged to ask for what the Ed was astonished to learn was called a 'half-pint'. Well, all very responsible, but you don't half look silly holding a half-pint pot (Ken Barlow uses one, for starters), so why not bag this crafty half-pint glass from **Iwantoneofthose.com**? Hold it carefully, and your mates'll never know you're sipping a girl's drink. **£7.99** well shpent, shurely!

As well as family rows, weight-gain and bundling to the shops first thing on Boxing Day, Christmas is a time for watching telly. Now you could, of course, watch the rubbish that's actually on, or you could do yourself and your loved ones a massive favour by lining up a few quality boxsets. A couple of series definitely worth watching from 2014 are *True Detective* with Woody Harrelson and *Fargo*, the series inspired by the Coen Brothers film that stars Martin freeman and a truly Inspired Billy Bob Thornton as the daddy of all hitmen.

Are you one of those people who've always wanted to look just like Paul Weller or, at a push, Liam Gallagher as soon as you step out of the shower? Let's face it, we've probably all felt the urge at some stage in our life, but it's never been easy, has it, what with the being all nude and wet and stuff? Thankfully, the chances of being mistaken for a mod almost immediately after a shower have now improved greatly – thanks to



And while we're on the subject of tippling, drinking half-pints of beer is all very well (until you knock it over – I wonder if they thought about that…) but with all that time spent at home with the family, sometimes you need to turn to the stronger stuff. Naturally, here at *Mayfair* our eye was caught by the opportunistic branding used by **Mayfair Gin** and Vodka. It's not the cheapest – but hey – if the name *Mayfair* doesn't inspire confidence, what does?

Now call us old fashioned, but here at *Mayfair* we've got quite a soft spot for a nice pair of boobs and, moreover, we like to think of ourselves of being not too discriminatory in the race department, so when **Goliath Books** sent us a copy of their new tome *American Boobs* it struck us as the perfect stocking filler. Or should that be bra filler? Either way, there's plenty of eye-candy to keep you going through Christmas!

Christmas is a time for overindulgence, and it's a rare celebrant who doesn't end up a few pounds chunkier at the end than before the start. So, of course, January is always chock full of folk trying to fight the flab with a bit of extra exercise – like jogging! But here's the thing – there are always loads of pesky people about getting in your way. Wouldn't it be great if there was a bell for joggers, like you get on bikes? Well there bleeding well is! It's **£19.99** from **Firebox.com.**

Christmas, we're always telling the Ed, is a time for giving - not that it does us much good, the stingy bugger (*What are you talking about? You had nearly 3 whole days off last year! – The Ed*.). Still, one thing he has deigned to give us this year is a final chance to hook up with the office's rear of the year, Miss Jenny Laird! And if that little Santa costume doesn't manage to cover up much of said rear, well who's complaining!? Admittedly, she might not be as traditional a present as a spinning top or a train set, but we certainly know which we'd rather spend the afternoon on Christmas day playing with. Apart from anything else, you wouldn't have to worry about batteries! If he keeps up this level of generosity, we might just have to scribble a 'thank you' note some time in January!

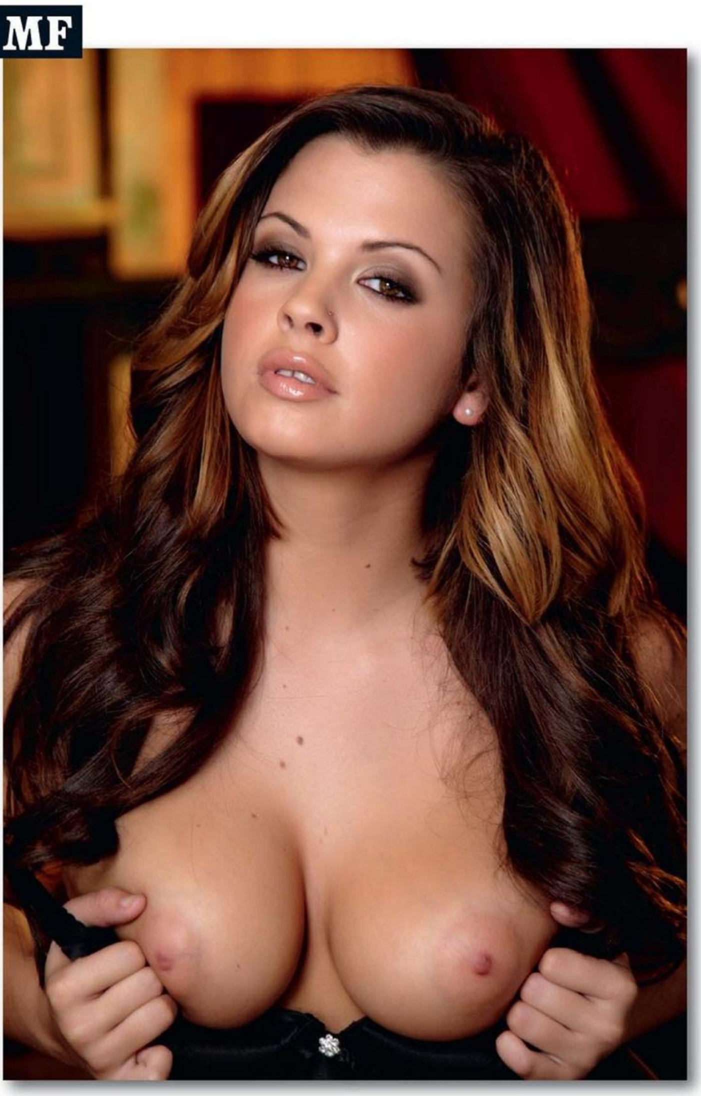
KEISHA

Age: 20 **Vital Stats:** 30C-26-34 5'2"
Photographer: Holly Randall



This time of year might be a bit too grey for most people's tastes, but we're making no apologies for featuring the delicious Keisha Grey, who made such an impression when she appeared in the mag back in the early summer! She's still a mere slip of a thing at 20, but it's good to see she knows exactly how to put her best foot forward by getting all dolled up in stockings, suspenders and the like!

"Well, it is nearly Christmas, isn't it?" she grins, "so I thought stockings might go down rather well with your readership."

Love, you could stick a brussels sprout on your head and you'd go down well with our readership!

Please put a Penny in the old man's hat – that's how the song goes, isn't it? Well not bloody likely – unless the old fella in question is right on top of his game he's likely to pop his clogs if faced with the prospect of the luscious Penny Lee peering out at him from his titfer! So, no hat-based shenanigans for Penny this Christmas – but what can an admirer do to get in her good books over the festive period?

"Jewellery's always a good start!" she laughs. "There's nothing that a nice set of diamond earrings won't get you, or a swish bracelet!"

Hmm, how very shallow! Still, if you want to bag a girl as foxy as this, a trip down to Elizabeth Duke doesn't really sound like too much to ask, does it?

QUEST...

Bloody hell it looks like poor old Santa's been having a bit of a time of it this winter. Let's hope his sack isn't completely empty come the big night!

Name: JANINE
Age: 23
From: CREWE

This year, Naomi, my best friend since primary school, had planned an awesome month-long trip to Thailand which meant she would spending the whole festive season abroad, so she decided to organise an early girls' Christmas party for a laugh – and boy, did we have some fun! The four of us started off down the pub, throwing back the Mojitos like there was no tomorrow, before heading back to Naomi's house.

We'd dressed up as sexily as we could for the occasion, at Naomi's insistence. Ally, who is the wildest of our gang, was dressed in her raunchy vamp gear: a lovely black velvet evening dress, with a plunging neckline that showed so much cleavage you couldn't help but stare. Kiera, on the other hand, had gone for her usual shock value in a tiny black leather mini-skirt, see-through blouse with sparkly bra underneath and a pair of red, patent, thigh-length boots. Yes, the girl has just a bit of confidence!

Naomi wore her sexy female Santa costume with the white furry trim and I plumped for a PVC dress that I had been dying to wear since an ex-boyfriend had bought it me over a year ago. Finished off with black stockings and a pair of my highest black heels, I looked the part for a tarty girls' night out.

Our hostess made us assemble in her decorated living room, as she said she'd prepared a big Crimbo surprise for us. Naomi grinned as she put on a CD of silly Xmas songs on the stereo, and as she necked the rest of her fizz as the kitchen door suddenly swung open… And there stood Santa Claus, complete with full costume and a massive sack!

"Ho, ho ho!" he bellowed as we all cheered, loudly.

"Show the girls your special present!" yelled Naomi. Santa positioned himself in the middle of the floor and pulled up his tunic to reveal a massive semi-stiff prick that must have been all of nine inches long, with a huge purple bell-end twitching eagerly in our general direction.

There was a second of shocked silence before we all screamed and whooped with drunken excitement. Pleased with all the positive attention, the monstrous cock grew to its full size and jutted upwards in front of us.

Kiera completely surprised me by leaning forward off the sofa and lunging for it, wrapping both hands around the shaft and yanking it towards her. Stuffing the tip in her mouth, her lips stretched to the limit as she attempted to suck Santa's girth down into her throat. Santa groaned beneath his big, white beard as Ally stood up and slowly wrapped one elegant, nylon-clad leg around his waist, before snogging him like some sex-starved vampire.

Completely out of character for me, the sight of that monster dong filling Kiera's gob and her arse poised mid-air above the sofa got my juices working, so I moved towards her and slid my hands up her torso, cupping her naked boobs beneath her sheer blouse.

"He's all ours for two hours, girls, so make the most of it," giggled Naomi, as she knelt down beside Mr Claus. She grabbed his dick and pulled it from Kiera's mouth with a slurp, before sucking it into her own. Kiera turned her attentions to me, pushing me down onto the floor, and groping up my tight skirt for my pussy.

Breathing heavily, I lifted my arse off the floor to allow her easier access and she pushed my stockinged thighs wide apart before plunging her lovely warm, wet tongue deep inside my slit. I gasped at the sensation, and as she tongue-fucked me and sucked on my swollen clit I found myself wondering why we'd never been tempted to get it on before.

> "SANTA SUCKED AT NAOMI'S TITS AS HE HUMPED HALFWAY INSIDE MY FRIEND'S HOLE."

Keira definitely knew what she was doing – which was hardly a surprise, as she was

very out-there and open to any experience that came her way, so she'd more than likely had her share of lesbian encounters – and within just a few minutes I was climaxing loudly, groaning and crying unabashedly.

As my orgasm subsided, I pulled a smug-looking Kiera up for a snog and with the chemistry still electric between us, I realised I may have just found myself the perfect fuck-buddy. We lay catching our breath and I turned to see what everyone else was up to, just in time to see the de-bagged Father Christmas easing his gigantic tool into Ally's gaping twat – helpfully held open by a panting Naomi. Santa sucked at Naomi's tits as he humped halfway inside my friend's hole, making Ally squeal with each thrust, while Naomi's hands moved from her mate's gash to her heaving bosom.

"Mm, I want some of that!" I wailed and dragged myself into place next to Ally who, upon seeing me moving in, grabbed Santa's arsecheeks and pulled him into her, possessively.

"So do I," uttered Naomi and Kiera in unison and positioned themselves next to me until we formed a neat row of spread-eagled, open-cunted sluts gagging for a piece of giant prick.

Our hired lookalike didn't disappoint, plunging his spear into each welcoming hole in turn, giving a few thrusts of his dick before pulling it out and moving onto the next girl. His love-juice soaked shaft moved from the fanny-to-fanny, while each of us kept each other on the boil with our fingers.

After numerous climaxes, we decided we were all in need of some spunk and as Santa wanked his meat, we jostled our open mouths before him, like baby birds awaiting a worm. As he came, he waved his wand like a fireman's hose, splattering his thick mess in mouths and over faces, covering us in the kind of decoration we horny girls had all been begging for.

A rather sore Santa wandered off into the night, leaving us to carry on the party. We gave each other a few more gooey 'presents' before the night was over, and proved that giving isn't better than receiving – they're both just as much fun as each other!

Christmas always comes early in Manchester with the arrival of the markets in mid-November. I love the markets as they're an excuse to combine two of my favourite activities, namely shopping and outdoor drinking. However, this year was extra special as I managed to combine my love of sex as well. It was a wet and stormy Tuesday evening and the market was dead by the time I got out of work. A lot of the stallholders had already given up and were packing away as I hunted out some unusual cheeses and beers for my dad's Christmas present. Thankfully, one of the gluehwein stores was still serving and I got an instant buzz as the hot booze hit my empty stomach. That was when I spied Santa forlornly looking at his watch. Ordering a couple of gluehweins, I sauntered over.

"I got you a present, Santa," I said, offering the steaming mug. Santa looked left and right before taking the mug, pulling his beard away from his face before taking a careful sip. "How do you like you your present?"

"Very much, thank you," Santa said, inclining his head to me.

"It helps to warm the cockles," I replied, making Santa choke as he took another fortifying sip. "Sorry," I added innocently, but I didn't look innocent. Santa realised that I was teasing him and looked left and right again before patting his knee.

"Aren't I a bit old to be sitting on Santa's lap?" I asked, as I parked my bum on Santa's crotch.

"I KNELT IN FRONT OF SANTA AND PULLED HIS COCK OUT. WITHOUT SAYING A WORD I TOOK THE TIP INTO MY MOUTH..."

"So…"

"Liz."

"Have you been a good girl this year?"

"Oh no," I replied lightly. "I've been a naughty little slut."

"Really?" Santa asked, as I wriggled on his crotch. "You do surprise me."

"It's not my fault, Santa. My boyfriend likes me being naughty. He likes it when I play with his cock."

"I'm sure he does," Santa croaked.

"He's got a nice big cock and the thing is, I really like nice big cocks," I said, feeling the cock under my bum beginning to stir.

"What is it you want from me?" Santa asked.

"I don't think you're allowed to give me what I want. I don't think Mrs Santa would allow it."

"What do you want?" he hissed.

"I want Santa to fuck me," I whispered, putting all my desire into the last two words.

"What will your boyfriend say?"

"What will Mrs Santa say?" I retorted. "So, are you going to take me in your grotto?"

"I haven't got a grotto as such but there is somewhere I could take you. Just wait while I lock up."

"Oh Santa, I would wait for you all year," I said, chuckling to myself as I returned the mugs. Santa was waiting by the time I'd got my deposit back. "So, where are you going to take me?" I asked, copping a feel of the bulge in the front of Santa's suit.

"Here and now," Santa said, pushing me into the gap between two stalls. Dropping my shopping bags, I knelt in front of Santa and pulled his cock out. Without uttering another word, I took the tip into my mouth. Using both hands and my mouth, I soon had Santa moaning about how great it felt.

"This is the best Christmas present a guy could get," he said. "My

“AS SHE SLID HER LIPS UP AND DOWN THE SPIT-COVERED SHAFT, HER KNEES SPREAD WIDE.”

girlfriend usually gets me socks.” I burst out laughing with Santa’s cock still in my mouth.

“You bloody liar,” I protested. “I’ve never bought you any sodding socks.” We had to stop what we were doing as a few stragglers showed an interest in the girl stroking Santa’s sack. As soon as they had scurried away, I grabbed my boyfriend’s cock and introduced its tip to my tonsils.

“Oh my god,” Stephen groaned, as I sucked and slurped away like mad. “There’s someone coming!” I have an exhibitionist streak and spying two women approaching, I decided that I wasn’t going to stop. Heat fired up through my groin as I wedged myself against the wooden wall of the stall while continuing to give an enthusiastic blow-job. As is the way of the world today, the women stopped and both started pointing their camera-phones at my face.

“Either of you girls want to help me empty Santa’s sack?” I asked, while continuing to stroke my boyfriend’s cock. Two jaws dropped open in surprise. “He only comes once a year, so it’s a very rare opportunity.” Both girls simply stared at me, their breath misting in the night air.

“Go on then,” one of them said, dropping down beside me. Her blue eyes were filled with wonder as I swung Stephen’s cock towards her mouth. Looking up, his expression was hidden by the beard but his eyes were ablaze with shock and lust. I could feel the girl’s breath on my hand as I continued to wank my boyfriend’s cock, then her lips touched my fingers as she took Stephen’s tip into her mouth. As my fingers retreated down Stephen’s shaft, she worked her way down with obvious enthusiasm.

“Yes! Suck it!” her friend cried, pushing the phone closer to the action. “Suck Santa’s cock!” The mystery cock-sucker paused to say something to the watching camera and I took advantage by snatching Stephen’s cock for myself. It felt so good to have his throbbing manhood back where it belonged but we both knew it’d be much sexier if I sacrificed my boyfriend’s load.

“Jesus,” Stephen muttered, as I made a tactical withdrawal which allowed the girl to push her mouth back down his shaft. This time I focused my attention on her, running my fingers through her hair as I whispered in her ear.

“I think you’re going to make Santa come,” I said, and watched as the fingers tightened around my boyfriend’s cock. “I think he’s going to blow his load into your mouth.” My heart started thumping even more wildly.

“Open your legs if you want me to rub your pussy.” The girl moaned loudly around my boyfriend’s cock and for a moment I thought he had started to come into her mouth. However, whereas she had been wanking him harder and faster, she suddenly slowed things right down, allowing Santa’s cock to slip fully out of her mouth. As she slid her lips up and down the spit-covered shaft, her knees spread wide, offering my hand free access up her skirt. Her body stiffened as my fingers ran up her inner thigh. “Mmmm. It’s nice and hot up there,” I whispered. “Hot and wet,” I added, touching the tip of my tongue to her ear as my fingertips found the lacy material of the girl’s knickers. “Do you like me touching your pussy?” I asked, tracing my fingers along the centre of her furrow before returning to the top of her slit. “How about when I rub your clit?” I asked, pressing down.

“Oh!” she gasped, her hips squirming.

“Why don’t you finish Santa off, you dirty girl? Then I can make you come with his spunk in your mouth… or in your belly.” The knickers grew damp under my fingers as I rubbed more firmly.

“I’m going to come,” Stephen announced, and I felt the girl jolt as gooey spunk filled her mouth.

“I want you to come too,” I hissed, keeping to the same relentless rhythm. “As Santa’s spunk slides down your throat into your stomach.” The spasms started instantly with feverish jerking giving intense sexual reward to the woman’s whose name I didn’t even know.

“Oh Santa! You came!” the girl with the camera phone exclaimed.

“He certainly did,” I whispered. “And I’d love to make you come again.”

“I… uh…” she said, in a dazed response.

“I’d let Santa fuck you.”

The girl turned sharply and looked into my eyes for a few seconds before making a decision. “That sounds like fun,” she said. We exchanged text messages as Stephen and the camera girl studied the footage on the phone.

“Nice girl,” Stephen said, wearing a wide grin as girls headed off.

“Glad you think so as we’ll be seeing her again.”

“Really?”

“Think of it as a Christmas present for both of us.”

“Better than socks, I suppose,” Stephen teased, earning himself an elbow in the ribs. Definitely better than socks, I thought.

I like the winter as I grew up in a hot climate without much difference between the seasons, so I appreciate the changes of weather in the UK. Mostly it is the cold crisp weather that I like best, not least because I am an enthusiastic walker, and love to get out and walk the country lanes, woods and hillsides near the village where I live.

Living in the village can sometimes get lonely, but overall I find life in the countryside suits me, and besides, I often make friends online. I buy and sell things on eBay, mostly items I find at car boot sales, and I have met one or two boyfriends there.

A while ago I sold some hiking boots to Joe, a really nice bloke who lives only a few miles away from me. Finding we had a lot in common we arranged to meet up for a ramble in the winter countryside, and things got hotter than a log fire by the time we made it back to our cars.

We had decided to climb to a ruined tower

atop a wooded hill, a well known beauty spot in the area, and having met up in a nearby pub car park, we set off in the bright wintery sun. We chatted easily for the first few miles, flirting and teasing one another as we became better acquainted.

By the time we reached the top we had become very intimately acquainted indeed, and once in the shelter of the old stone tower Joe tilted my chin up so he could kiss me hard on the lips. Somehow in all the chemistry which was exploding between us we forgot about the stunning view, and as the stiff climb up the hill had made us both perspire we cast off out padded jackets and got stuck into one another.

> “MY PUSSY JUICES SEEMED TO FLOOD INTO MY PANTIES AS EVERY NERVE ENDING WENT INTO OVERDRIVE.”

Caught up in our passion, and feeling uninhibited by the loneliness of our surroundings we practically tore off one another's clothing. Seeing Joe's body naked for the first time I quivered with lust, and not feeling the cold I knelt down upon the heap of clothing on the stony floor of the tower, and, cupping his large balls in one hand, began stroking his grand thick cock with the other.

I was still wearing my jeans but my top was naked and my large DD breasts were swinging free. The cold pinched at my nipples making them hard and extremely sensitive, and when Joe began playing with them my pussy juices seemed to flood in my panties as every sensual nerve ending went into overdrive.

My pussy muscles clenched as I took a mouthful of his fleshy cock-head, sucking it hard and tasting his pre-come as my tongue lapped over his succulent helmet. Joe moaned and squeezed tighter on my nipples, making me open my mouth wider as I gasped and allowing his cock to push deep into my mouth.

I had never been deep-throated before and I struggled not to gag, but once I relaxed it felt good and I began to suck even harder until my cheeks hollowed.

Joe murmured in approval and pleasure but shortly afterwards he very gently pulled back, whispering anxiously that he was too close to coming off and wanted to pleasure me properly. He held out his hands and pulled me to my feet, picking up my jacket and draping it around my shoulders as I had started to shiver. He drew me to him, warming me as his arms enfolded me, pressing his rigid cock against my belly.

We kissed and then he led me to the stone window which looked down from the top of the hill for miles over the countryside. It was a beautiful view and I stood on tiptoes to get a better view. The thick stone ledge was about waist height and Joe slid his hands down the waistband of my jeans and began caressing my bum-cheeks. I pushed back against his hand, cooing as his fingers slid down my arse-crack and he began frigging my moist pussy-lips.

He was a bit of an expert in that department, and soon my pussy was clenching tightly around his fingers as they slid in and out between my swollen labia. I closed my eyes and allowed myself to be propelled towards orgasm, gasping wildly as he finger-fucked me to climax. I was gasping for breath by the time he had finished and when he turned me to face the tower wall and yanked my jeans down to my ankles I was like a rag-doll, malleable and compliant.

I kicked off my hiking boots and Joe yanked them free and told me to put my hands on the wall and brace myself for the fucking of my life! I was only to happy to go along with him. My pussy was still pulsating with pleasure after my mind-blowing orgasm and I would have done anything for him at that point. He started by caressing my tits and playing rough with them until I was almost crazy with need. I pushed my arse back towards him and begged him to fuck me.

Joe let his hands slide down to my pussy and began frigging me again. My juices seeped over his fingers, coating them with my warm fluid. Joe sucked his finger and then slowly began to massage my arse ring, working my pussy juice into it until it was lubricated. I almost swooned with pleasure as he then nudged his helmet against my anus. I relaxed my sphincter as he inched it gently inside me.

I was loving every moment as Joe took hold of my tits again and began fucking my ring with long slow strokes. Getting into a rhythm I pressed back to meet his thrusts, moaning as he started fucking me harder and faster. Bracing myself against the wall, I gave way to my excitement, coming loudly as Joe fired his load deep inside me.

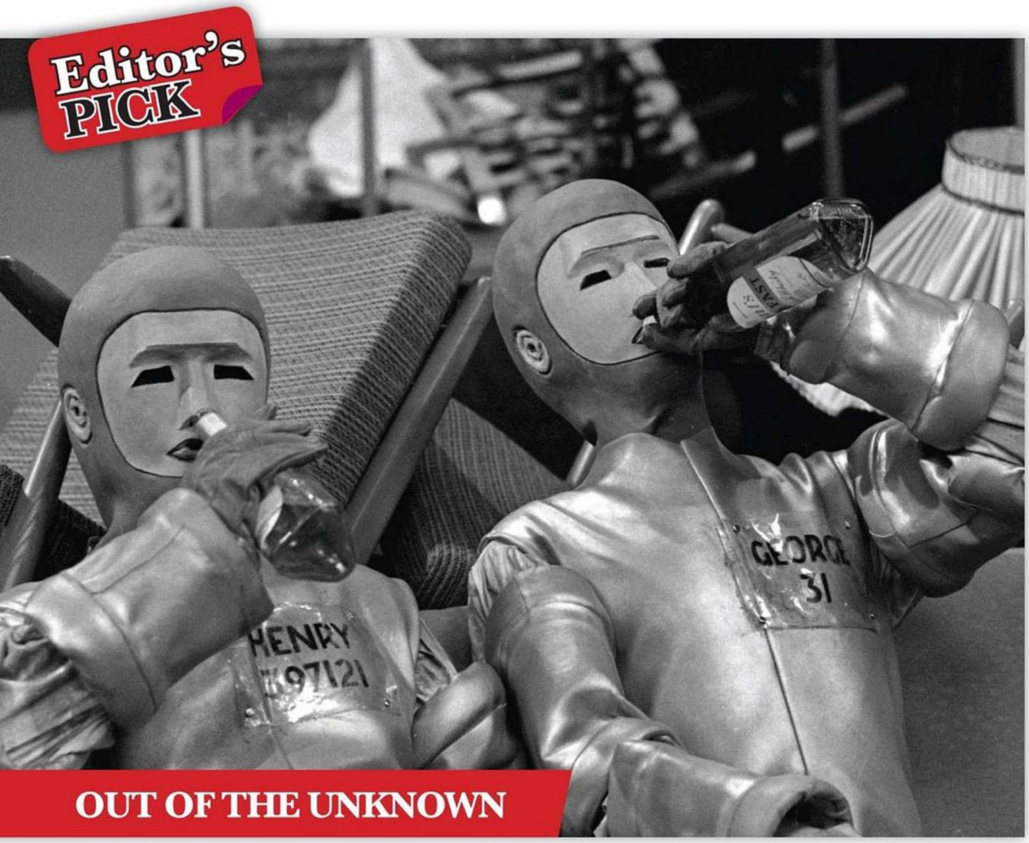
Well, you're going to be stuck at home for a few days with nobody to talk to except the family, so why not make the most of your time by sticking something with a bit of quality on the telly? No, we don't mean the bleedin' X-Factor!



OUT OF THE UNKNOWN

A few years back every episode of the classic American series *The Twilight Zone* got dusted off and re-released on DVD – and what a welcome release it was! The show represented a particular high water mark in American telly (which, it might be argued, had only ever been reached again in recent times), and it was a fantastic opportunity to see just how much talent had been honed on the show. But while Twilight Zone lives long in the collective memory (not least for the music), hands up who remembers *Out Of The Unknown*, the BBC series which ran from 1965 to 1971 and which was, in many respects, the direct offspring of its American predecessor (whose original run ended, neatly enough, in 1964). Well now, thanks to the good folks at the BFI, the 20 surviving episodes of this series has been dug out, cleaned up, and released so those of us too young to remember it originally can have a shufty at long last…

OOTU differed from Twilight Zone in that most of the episodes were dramatisations of existing works of Sci-Fi literature, but that's no bad thing when it means you can draw on the stories of J.G. Ballard, John Wyndham, Ray Bradbury and the great Isaac Asimov, among others. And the episodes range over quite a territory, with a mixture of full-on outer space stuff (warning – there are a good number of shonky looking robots along the way) to the mores of small town Britain. Tragically over half of the original episodes have been lost (the BBC often cared more about re-using tape than it did about preserving programmes in those days), but what's left offers a fascinating glimpse back through the mists of time to an era when TV was pushing at new boundaries week after week, and any sci-fi fans out there will want to check out this cracking release, which is also packed full of bonus material.

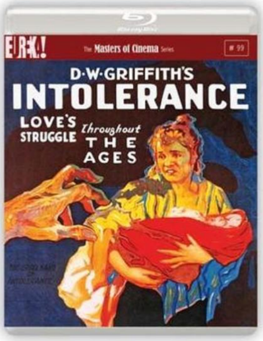
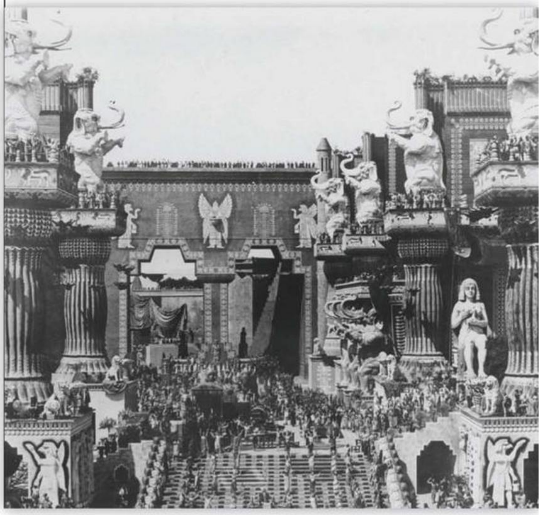
INTOLERANCE



EUREKA!
The Masters of Cinema Series
# 99
D·W·GRIFFITH'S
INTOLERANCE
LOVE'S STRUGGLE Throughout THE AGES

Silent-era director D.W. Griffith rather blotted his copybook with the notorious *Birth Of A Nation*, which didn't half come across as sanctioning the Ku Klux Klan and their pernicious influence on Americas development. Still, for all that he was probably the major director of full-scale motion pictures for a while, and his undoubted masterpiece *Intolerance*, (in part a response to the furore his previous film had caused), has just been given a very nice brushing off from the folks at Eureka. Filmed all the way back in 1916, it's a whopping epic of a movie which clocks in at three and a half hours or so and is a kind of portmanteau piece in which different eras are portrayed on screen (in pretty magnificent pomp, often enough). Back-pedalling from *Birth Of A Nation*, it's a meditation on how peoples have been persecuted throughout history, starting with he Babylonians and taking in Judaism and Christ through to the massacres in renaissance France and then finally the economic exploitation of the time the film was made. An astonishing piece of work, it takes a bit of sitting through, but this is landmark cinema of the highest order.



DETECTORISTS

Any keen metal detectors reading? We don't know if they're a rum lot or not, but there's got to be something a bit peculiar about folk who like to spend their spare time trudging through fields in the hope of stumbling across some Roman or Saxon hoard. Pretty rich pickings for a comedy, you might think – and as it turns out you'd be right. This series, which aired recently on BBC4, was written and directed by Mackenzie Crook (of Office and Game of Thrones fame) - and he also stars as Andy, a keen detectorist who's fending of threats from various fronts. With able support from co-star Toby Jones, this is a quirky and likeable series that's well worth unearthing.

With the likes of *Downfall* and the TV series *Generation War* we're starting to get used to the idea of WWII from the German perspective, but before that there was just *Das Boot*… and this! It's a full 20 years since Joseph Vilsmaier's unflinching look at the catastrophic attempt to invade Russia that spelled the beginning of the end for Nazi Germany. The film follows a battalion from cheery leave in Italy to the full horrors of war as Hitler's 9th Army attempts to secure the talismanic city of Stalingrad before winter closes in. Suffice to say, in the face of near suicidal resistance, they don't manage. The set pieces are dazzling, and while the film rather glosses over just how atrociously some of the Germans conducted the war in the East, there's no flinching from the terrible, unenviable fate that befell most of them.

ROMANCE

As a rule, if it's films that feature the talent of legendary Italian stud Rocco Siffredi being reviewed, this is the wrong spread for you to be reading, but then this 1999 flick from French director Catherine Breillat is a bit out of the ordinary. Caroline Ducey stars as Marie, a horny young thing whose boyfriend doesn't want to have it off with her (!) – so she's forced to stray and find her amusements elsewhere. Well, as is often the way with these films (*Nymphomaniac*, anyone?) she soon finds herself pushing the boundaries of her own sexuality – not least with a bunk-up with said knobsman. It's pretty graphic for a mainstream film, and if you didn't catch it first time round, a re-release means that now's your chance!

IDA

Yes, we admit it – we've reviewed hardly any black and White Polish films in *Mayfair* this year, so, what with this being the last chance we'd get, we thought we'd pull our finger out. And what do you know, we were richly rewarded by this beautifully crafted flick. Young Agata Trzebuchowska plays Anna, an orphaned novice nun who, just before taking her vows, is contacted by the only surviving member of her family – her aunt Wanda. Well, it turns out Anna isn't who she thought she was at all, and as she learns more about her family history and the realities of life outside the nunnery, Writer/Director Pawel Pawlikowsi explores the moral complexities that characterised Poland's wartime experience. Stunningly shot, *Ida*'s bagged loads of festival awards, and it's little wonder.

THE PARTY

Wicked Pictures

CAST: Brandi Love, Kendra Lust, Samantha Saint.

Not *The Party* starring Peter Sellers as a clumsy Indian man who manages to wreck a 1960s soiree with his antics while apologising profusely and occasionally sounding Welsh – this is another *The Party* altogether.

But here's the problem I have with this *The Party*. Nobody invited me. Oh sure, big deal, I get to watch film footage of the sort of scorching hot things which went on at it… but that's hardly the same as actually being there having women's bottoms bouncing on your face and other things, some of which, like the foregoing, I wouldn't be terribly keen on anyway, especially when you don't know where their rumps have been.

Even so, I must confess to sitting there like a stookie dummy for the entire duration of the DVD, utterly spellbound – unable to move anything except my eyeballs (side to side very slightly) and my fist (superhumanly vigorously).

This said, it's New Year's Day and a businessman, his much younger wife and his two ex-wives are nursing appalling hangovers, desperately trying to piece together what happened at *The Party* the night before. Through a series of flashbacks, we discover that hyperactive libidos were responsible for shredded business documents, a facial tattoo and (perhaps inevitably) some frenzied, very varied sex.

And by "very varied" I mean that they indulged in Arse Worship (in the vein of the ancient Arsiopians who believed the sun shone out of ladies' behinds), Hair Pulling, Big Tits Worship, Deep-Throating, Foot Fondling, Bum-Licking, Face-Knobbing, Pussy-Licking, Lesbianism, Cuckoldry, Masturbation, Fingering, Scissoring, Come-shot Clean-Up complete with plassy bucket and mop, Cowgirl, Reverse Cowgirl, Gutshot Cowgirl, Ending-Up-In-Hospital, Bobbing For Things That Look Like Apples, Postman's Knock and Making Balloon Animals Out Of Women's Hooters.

In short, every darn thing except those games where the prize is a fun-size Mars bar. Cracking stuff – and I'm not just saying that to get an invite to the next one.

BABY GOT BOOBS 15

★★★★☆

CAST: Rachel Roxxx, Madison Ivy, Britney Amber, Juelz Ventura, Brandy Aniston, Christy Mack.

If you're anything like me and enjoy getting hard in the Underpants Department occasionally and don't lack the guts to do something about it in front of a television (even if you're in Dixons), this DVD could be just what the prison doctor ordered. Young Italian beauty Valentina Nappi is teaching a hot blonde how to dance, which looks sure to be a waste of time because pork swordsman Danny D is apparently waiting for the latter to finish her tutelage so he can render her bow-legged.

But no. Here comes the spoiler and the big reveal. It's Valentina he's lurking for. After the lesson she squares up to Mr D and challenges him to a dirty dance-off. They prance and jig, then Valentina pulls out Dan's dick and starts sucking at his balls. This clever storyline twist I did not see coming.

The lovely Summer Brielle also enchants, walking through the streets with her tits out, bobbling them up and down. Spanish stud Toni Ribas falls in step beside her and conducts her back to his "artist's pad", which looks more like the inside of a wheelie bin after the lid's been left open and the seagulls have been at the contents. There, summoning all of his Latin charm and channelling it into his penis, he pounds her pussy until he splashes on her face and it's time for poor Summer to break the soapy water and scrubbing brush out.

By jingo! Splendid.

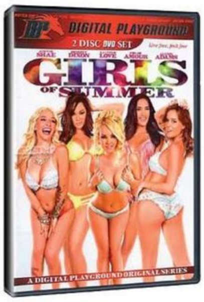
Digital Playground

GIRLS OF SUMMER

CAST: Stevie Shae, Aaliyah Love, Destiny Dixon, Tyler Nixon, Abigail Mac, Alexis Adams, Chloe Amour.



Another great Digital Playground web series that they are now releasing as 2-disc sets, *The Girls of Summer* tells the story of a mob of females who spring out of the ground in early June and burrow back beneath the soil at August's end for the next nine months. You could not locate and unearth them before the end of the following May even armed with one of those devices which electronically locate the presence of labia underfoot. [Note to self: Please remember to avoid lame puns about "petal detectors" and "vagining rods".]

No, of course that's not what it's about, though it would be a fun kind of flick if it was. In reality the DVD chronicles a summer at the beach for a bevy of babes doing what they do best: copulating and blinking their eyelids in surprise each time they cop a facial.

Unbeknownst to her fellow fornicators Destiny Dixon (presumably of Cock Green) is a stripper. Erik Everhard doesn't know this, but her stripping secret comes out when she pulls down her shorts and tempts him to touch her Bermuda Triangle, in which, one might be forgiven for assuming, too many porn studs may already have mysteriously disappeared. Erik is, however, a survivor), enduring long enough to ride her ragged and have her stroke him off on her face, which winds up bearing an uncanny resemblance to a half-eaten plate of porridge.

Mad for the music, the girls party on down at a club where Chloe hooks up with Chad White, a tits-fearing man who immediately drops to his knees and starts her jugs, even though, strictly speaking, a discotheque is not normally a place of worship.

Brazzers

CFNM

CAST: Lisa Ann, Nikki Benz, Tory Lane, Bridgette B., Jada Stevens, Ava Addams, Veronica Avluv, Jynx Maze, Ariella Ferrara, Maddy O'Reilly, Veruca James, Rikki Six, Kennedy Leigh, Emily Austin.

★★★★☆

CFNM is a secret sex acronym for Clothed Female(s), Naked Male(s) – not to be confused with CNN, ITN, CBE or CDC. This is a mode of "scening" especially popular among BDSM lifestylers, or so I'm informed by a Freudian acquaintance. So let's have a butcher's at what a nudey bloke getting yanked off by giggling scantily-clad girls for their hysterical amusement and his grateful humiliation looks like, shall we? What's that? No way. You first.

Ariella Ferrara and Jynx Maze are glamorous chambermaids in a very grand hotel. Needy nudey Tyler Nixon sees them prancing along the corridor towards his room and puts up the "Please Clean" sign on his door. He then makes a frightful mess and hides in a cabinet, clutching his cobblers and hoping that he will be discovered and "punished". Sure enough, hawk-eyed Ariella spots him. They throw him on the bed and make him their plaything, Ariella smothering him with her five-star tits and Jynx spinning him around and parking her Egon Ronay approved buttocks on his bug-eyed face.

Jada Stevens, Maddy O'Reilly and Kennedy Leigh are cheerleaders at Brazzers University (the upscale seat of learning which all future US presidents attend). When the girls splash into the locker room showers wannabe nude bloke Jake Taylor rummages through their lockers. To his poorly faked dismay, he is captured and the girls make cruel sport of his knob, laughing at it as though it were a cocktail sausage attached to a pair of brussels sprouts. Meantime the wicked girls take turns sucking him off. Cornered and unsure what else to do, Jake finally shags his tormentors until they are so spent that he could easily have shoved their bodies into their lockers and left them there for the janitor to find.

Shame about the four-letter title in block caps. I would have gone with *Nudefellas*.

P·A·T

If you are looking for festive spirit, then 22-year-old Pat Younger is the girl to contact. Over the busy Christmas period, Pat will be working in her best friend's off-licence, serving customers with their party orders. Pat whose figure measures an ample 40-24-36 got used to selling drinks, and all the jokes about her top-heavy frame when she worked in a pub. 'If I had a pound for every time some bright spark asked for "two large ones", I could retire tomorrow,' she says. Not that she minds too much. 'It's nice to be appreciated', she adds with sudden disarming modesty.

MAYFAIR
Classic

Back in 22,12, a whopping 27 years ago, it sounds like poor Pat here had her work cut out at Christmas time – quite aside from the honour of gracing the pages of *Mayfair*! Well, she'll be all grown-up now, we guess – in fact she must be turning 50 any time now! Well, we hope she looks back fondly at her time of nudey modelling – we know we sure do!

MAYFAIR

Pat's background might come as a surprise to anyone who judges people by their work. Her father and mother own a large house on the North Yorkshire moors, and Pat was brought up, she says, as a 'Yorkshire yuppy'. So why choose to live in a single bedroom flat in Ealing? 'Belated teenage rebellion,' she claims with a laugh. 'Look, Mummy and Daddy do their thing, and I do mine. If I want to work in a pub or an "offy" in my best tarty outfits, that's my decision. Dad likes old crime novels, I like turning guys on. So what?' So her appearance in *Mayfair* won't surprise them? 'I reckon they're used to my naughtiness by now.'

Pat's Christmas is almost schizophrenic in its diversity. She'll be working late in the Ealing off-licence on Christmas Eve, then driving to North Yorkshire for lunch with all the trimmings. Then she's working in a pub on New Year's Eve. 'It's the best night of the year to work. Everyone goes OTT,' she says. 'This year I've bought a skintight rubber dress with hardly any front at all. More ''two large one'' jokes!' Not that this is her most dangerous outfit. 'The brewery once gave me a teeshirt with my name over my right boob. Everyone took it as an instruction.'

CELEBRITY MUSICAL CHUFFS

SEX DEGREES OF CHRISTIAN SLATER

Christian Slater was born to Michael Hawkins (an actor) and Mary Jo Slater, a casting executive and producer. No-one knows how he managed to break into movies in his teens.

He made his big screen debut in 1985's *The Legend of Billie Jean* – a box office -flop. But luckily, his career took off with a co-shtarring role in 1986's *The Name of the Rose* alongshide Shir Sean Connery.

But success only encouraged him to be more brattish. In 1989, he was arrested for drunk driving and assault and earned a whole 10 days in the slammer. In 1994 he was arrested for taking a gun onto a passenger plane. No biggie: just community service this time.

Three years later, he was convicted of assaulting then-girlfriend MICHELLE JONAS and a cop, while under the influence of drugs and booze. He languished for three whole months in a comfy jail cell.

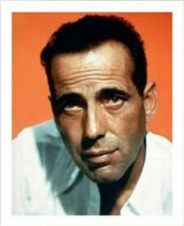
In 2000, Slater married RYAN HADDON, the daughter of 1970s model Dayle Haddon. But by 2003 the honeymoon was over: Haddon was arrested for and charged with domestic battery after having allegedly thrown a glass bottle and slashed open Slater's neck. The neck required 20 stitches and, perhaps just to rub salt into the wound, Haddon eventually married Buffy actor MARC BLUCAS instead.

While waiting for their divorce, Christian kept busy. In May 2005 he was collared in Manhattan, after allegedly sexually harassing a woman on the street. He was charged with sexual abuse but the charges were later dropped on the condition that he didn't slap or sexually harass any women for the next six months.

In December last year Slater married 26-year old business consultant BRITTANY LOPEZ, almost 20 years his junior. We wish them well.

In this MONTH

1888: Dutch painter Vincent van Gogh cuts off a portion of his left earlobe during a fit of depression – and who wouldn't? The last time I got the blues I sawed off a foot. Not mine of course – that would be madness. But it helped put my troubles in perspective.



1899: Film (and radio) actor Humphrey Bogart is born in New York City. Today he is best known for hard-boiled noir movies such as *The Maltese Falcon, The Big Sleep, Casablanca, To Have and Have Not* and *Farewell My Rubber Glovely*.

1903: After three years of experimentation and plummeting, Orville and Wilbur Wright achieve the first powered, controlled airplane flights. They made four flights near Kitty Hawk, North Carolina, the longest lasting about a minute before the usual squeals of "Shitfire! Gonna crash this durn stoopid contraption, Wilbur!" begin. I have seen their plane in the Smithsonian and it looks like it was knocked together in a school woodwork project – by a moron.

1940: Just when everything is going nicely for him, mass-murdering maniac Adolf Hitler makes the most idiotic military blunder in history, ordering the German General Staff to begin planning Operation Barbarossa, the invasion of Soviet Russia. The rest, as they say, is history.

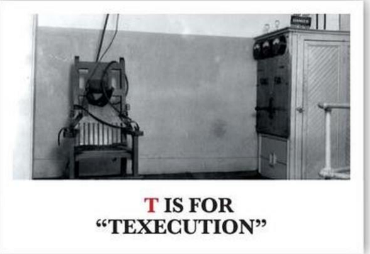
1992: Caspar Weinberger and five other Reagan aides involved in the Iran-Contra scandal are pardoned by President George Bush, the daddy. Ain't life grand?

Etiquette for the BEWILDERED

An A-Z of things you really, really need to know. No honestly...

A succinct new noun describing the death penalty as administered in Texas. It is, for instance, a little known fact over here that George W Bush presided (though not in person – he'd be much too busy learning to read, wiping coke of his nose etc.) over 150 texecutions in good "Ole Sparky" during his years as Governor of the Lone Star state.

Another Texasy expression being coined these days is cannilingus, which describes the act of using one's tongue to find the hole in the top of a can when it's too dark to see. Or you're driving.



T IS FOR "TEXECUTION"

LUDICROUS MOVIES

Some movies and movie franchises are just so preposterous that it's a wonder most people don't start leaving the cinema after the first five minutes, or else attack the screen with baseball bats and machetes… Let's run through the absolute worst insults to the intelligence…

THINGS (1989)

This Canadian low budget zombie film was written and produced by Andrew Jordan and Barry J Gillis. Critic Online called it "one of the worst atrocities ever committed to film". Severed Cinema went further, describing it as "this glistening turd" and "this infamous abomination".

Cinema Sewer magazine has repeatedly proclaimed that "this is the worst movie ever made." Robin Bougie, its editor, added: "Trust me, you have never seen anything like this in your life. It's absolutely astonishing in how it is able to mentally wreck anyone who watches it."

HIGHLANDER 2: THE QUICKENING (1991)

The French-British film sequel to the cult film *Highlander*, which transitions the fantasy franchise into science fiction and retrospectively converts the mystical immortal warriors of the first film into aliens. It was met with harsh criticism by both critics and audiences, and I roared "There should only have been ONE!"

Common criticisms included the lack of motivation for the characters, the new and incongruent origin for the Immortals, the unexplained resurrection of Ramirez (Sean Connery), and hopeless contradictions that riddle the film's internal logic.

Giving the film a score of 2 out of 10, IGN's reviewer wrote: "How bad is this movie? Well, imagine if Ed Wood were alive today, and someone gave him a multi-million dollar budget. See his imagination running rampant, bringing in aliens with immensely powerful firearms, immortals who bring each other back to life by calling out their names, epic duels on flying skateboards, and a blatant disregard for anything logical or previously established..."

Since 1995 the film's flapping director Russell Mulcahy has released two "director's cut"-style hotchpotches to calm everyone down. But sadly they both still stink worse than an upside-down skunk in a bucket of jobbies.

FAMOUS LAST WORDS

"Friends applaud, the comedy is finished."

Ludwig van Beethoven

Composer, died March 26, 1827

Profoundly deaf, he never knew whether or not those nearby heard his quip: the "comedy" being, perhaps, the fact of his being a stone deaf composer.

Vol.50 No.1

On Sale January 9th

Well bugger us – if *Mayfair* isn't turning 50 next month. Who'd have thunk it when it launched, all those years ago just as the 60s were trying to get enough momentum to start swinging! Naturally we intend to mark the anniversary in the best possible way – by cramming the mag full of stunners, including top shelf newbie Cara here, who (we promise you) really is worth the wait. Oh, and Emma and Sophie are getting up to things you won't want to miss as well. There's more, of course, but we're keeping a little something up our sleeve!
